12th November 2025

To whom it may concern,

My name is Simon Fowler and I am a Lecturer at the School of Computing Science, University of Glasgow. I am currently the School's academic responsible for co-ordinating student exchanges. I can confirm that Kunqi Zhang undertook a study exchange programme to Kyoto University in the 2024-25 academic year. Kunqi's Kyoto grades have been converted via a standard process to the grade of **B2**, as calculated by the following conversion table:

Host code	Host course title	Host grade	Proposed UoG band
	Information Network-E2	79 (B)	B2
	Processing and Analyzing Data I-E2	80 (B)	B2
	Introduction to Algorithms-E2	50 (F)	E2
	Introduction to Formal Languages-E2	60 (D)	D2
	Fundamentals of Artificial Intelligence-E2	95 (A)	A4
	Introduction to Game Theory-E2	35 (F)	E2
	Information and Society-E2	92 (A)	A4
	Introduction to Social Research-E2	93 (A)	A4
	Data Analysis Practice 1-E2	93 (A)	A4
	ILAS Seminar-E2 :Computer simulations in Biology	93 (A)	A4
	ILAS Seminar-E2 :Introduction to Probability	76 (B)	B2
	Introduction to Biological Data Analysis-E2	89 (A)	A4
	Logic I-E2 :Deductive Reasoning & Analysis	81 (B)	B2
		GPA	15.5
	Proposed overall band for CS courses		B2

The proposed grade conversion has been accepted by the School of Computing Science Learning & Teaching Committee and will appear on his transcript after ratification at the external examination board in June.

Yours sincerely,

Simon Fowler
